# INTRODUCTION

---

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1935 edition of the Hammond City Directory, which also includes Calumet City and Burnham, Ill.

Confidence in the continued growth of Hammond's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Hammond to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hammond Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Five Major Departments

The five major departments are arranged in the following order:—

**THE MISCELLANEOUS DEPARTMENT**, pages 7 to 15, presents lists of city, county and federal officials; post office and public school Directories; statistical review; and manufacturing, trade and civic surveys.

**THE BUYERS' GUIDE**, pages 17 to 60, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Hammond and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Hammond, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

**THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is included in pages 61 to 399. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Hammond and vicinity, and the name, official personnel, nature and address of each firm and corporation in the community.

**THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, covers pages 401 to 487. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A feature of this section is the designation of tenant-owned homes.

**THE CLASSIFIED BUSINESS DIRECTORY** is included in pages 489 to 526. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

## Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence,

as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Hammond and vicinity.

#### **The Hammond Directory Library**

Through the courtesy of the publishers of the Hammond City Directory, a Directory Library is maintained in the offices of the Hammond Chamber of Commerce, for free reference by the general public. This is one of 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

**R. L. POLK & CO.,**  
Publishers.

# HAMMOND

## Statistical Review

Form of Government—Mayor and council.

Population—Total, 64,560; males, 33,639; females, 30,921; total colored, 623; white males of age, 20,502; white females of age, 17,868 (1930 U. S. Census). Local estimate at present, 71,526. American-born, 77%. Predominating nationalities of foreign-born residents: Polish, German, Czechoslovakian, Hungarian, Yugoslavian and Russian.

Area—27 square miles.

Altitude—585 feet above sea level; 5 to 30 feet above Lake Michigan.

Climate—Mean annual temperature, 49.2 degrees F.; average annual precipitation, 33.02 inches.

Parks—9, with total of 141.28 acres, valued at \$1,122,512.

Assessed Valuation — \$86,928,170, with \$3.10 per \$100 tax rate.

Bonded Debt—\$1,572,170.

Financial Facts—2 banks, with total deposits of \$3,000,000, and total resources of \$3,250,000 (Nov. 1, 1935).

Postal Receipts—\$232,949.48 (calendar year 1934).

Telephones in Service—7,034.

Churches—57, representing 49 denominations.

Industry—91 manufacturing establishments, employing 4,575 workers, paying wages of \$4,357,823 annually, and having products valued at \$36,808,465 annually (1933 U. S. Census of Manufactures). Principal manufactured products: Oils, soap products, foods, animal and dairy feeds, railway cars, railroad supplies, clothing, metal castings, foundry products, refined metals and heavy machinery.

Trade Area—Retail area has radius of 150 miles, and population of 165,000.

Newspapers—1 daily.

Hotels—7, with total of 400 rooms.

Railroads—10 trunk lines, 3 belt lines and 1 electric line.

Highways—U. S. 6, 12, 20, 30 and 41.

Airports—2 nearby.

Amusements—Largest auditorium in city (theatre) seats 2,144 persons. 4 moving-picture theatres, with total seating capacity of 5,732 persons. 4 golf courses.

Hospitals—1, with 260 beds.

Education—19 public schools, including 3 senior high. 11 parochial schools, including 1 high. Number of pupils in public schools, 13,000; in

parochial, 3,333. Number of teachers in public schools, 430; in parochial, 83. Value of public school property, \$4,000,000.

Public Libraries — 7, including branches, with total of 100,000 volumes.

City Statistics—Total street mileage, 246.49, with 150 miles paved. Miles of sewers, 154.5. Number of water meters, 13,000; light meters, 14,150; gas meters, 13,250. Capacity of water works (municipal), 45,000,000 gallons; daily average pumpage, 10,900,000 gallons; miles of mains, 200; value of plant \$2,600,000. Fire department has 85 men, with 6 stations and 15 pieces of motor equipment. Value of fire department property, \$145,000. Police department has 74 men, with 2 stations and 23 pieces of motor equipment.

## Location, Population, Etc.

LOCATION—Hammond is located in Lake County, the second largest county in Indiana, in the northwest corner of the state. It is twenty miles southeast from the Loop district of Chicago; 954 miles from New York; 304 miles from St. Louis; 442 miles from Minneapolis; 941 miles from New Orleans, and 2,281 miles from San Francisco.

BOUNDARIES—Hammond is bounded on the north by Lake Michigan, Whiting and East Chicago; on the east, by Whiting, Gary and East Chicago; on the south, by Little Calumet River, and on the west by Chicago, Calumet City, Burnham and Cook County, Ill.

POPULATION—The population of Hammond was 64,560, according to the 1930 U. S. Census. The estimated population for 1935 is 71,526, based on a school enrollment of 16,256, using the U. S. Government ratio of 4.4.

The population of the Hammond trade area is approximately 165,000. Hammond directly adjoins Chicago, and for many purposes the trade area of Hammond is the trade area of Chicago, particularly for industrial purposes, which from that standpoint would give Hammond an additional industrial trade population of more than 3,500,000.

Of the Hammond population, according to the 1930 Census, 83.9% are native white, 15.1% foreign-born, and 1% negro. Of the foreign-born, more

than 50% are German, Polish and Czechoslovakian nationalities.

The growth of Hammond is reflected in the following population figures:

1900 .....	12,376
1910 .....	20,925
1920 .....	36,004
1930 .....	64,560
1935 .....	*71,526

\*(estimated)

The unusual favorable location of Hammond at the tip of Lake Michigan, in the center of population, at the waterway terminus of all directions, and with unequaled railway distribution, makes its future growth inevitable. No industrial location in the U. S. can compare with it.

### Government

Hammond is governed by a city council form of government. The incumbent administration is headed by Mayor Frank R. Martin, a Democrat. The administration is regarded as conservative in its aims and has maintained an equitable balance between the interests of all persons affected by the government.

The police and fire departments operate on a civil-service basis. The heads of these departments having been in office for ten years and seventeen years respectively, is conclusive evidence of the high efficiency of these protective agencies.

The police department is equipped with a two-way radio system through which the possibility of crime has been greatly reduced.

Both the police and fire departments have gained national recognition because of the low annual fire loss and because of the very high standard of law enforcement.

### Taxation

The law of the State of Indiana establishes a rate of \$1.50 for each one hundred dollars assessed valuation as the maximum tax levy to cover all taxing units, except for emergency expenditures. This undoubtedly is very beneficial in keeping the tax rate on a low level.

The tax rate for Hammond for this year is \$3.10 per \$100 assessed valuation.

The general attitude of officials in making assessments on real and personal property has been reasonable to industry. All assessments are subject to review by the State Tax Board.

There is a state gross income tax of 1% on retail sales and individual incomes, and  $\frac{1}{4}$  of 1% on all goods manufactured within the state and sold within the state. This does not apply to products in interstate commerce.

There is no state sales tax in Indiana, and no occupational tax.

There is a tax ranging from \$3 to \$150 per year on retail stores.

There is also an intangible tax of 25c for each \$100.

The assessed valuation of Hammond for 1935 is \$86,928,170, and of Lake County, \$358,103,830. The state, county, township, civil city and school city tax rates follow:

State .....	\$.15
County .....	.39
Township .....	.0225
Township Poor Relief .....	.3275
Township Road Bonds .....	.21
Library .....	.06
School City .....	1.06
Civil City .....	.88

Total .....\$ 3.10

### Transportation

Transportation facilities in Hammond offer direct or inter-connected facilities with all parts of the U. S. The city is accessible by railroad, electric railroad, state and federal highways, bus and truck lines, waterways and air lines.

**RAILWAYS**—Hammond is serviced by ten railway lines; three belt lines. The ten trunk railway lines are: Baltimore & Ohio; Chesapeake & Ohio; Chicago & Erie; Chicago, Indianapolis & Louisville; Michigan Central; New York Central; New York, Chicago & St. Louis; Pennsylvania; Pittsburgh, Cincinnati, Chicago & St. Louis; Wabash.

In addition, the city is within the Chicago switching district and enjoys low freight rates, the same as those in Chicago. The three belt lines are the Baltimore & Ohio Chicago Terminal, the Elgin, Joliet & Eastern, and the Indiana Harbor Belt. These make available a fast, direct service to all roads out of Chicago. Trap-car service also is available on belt lines for less-than-carload-lot shipments. Trap cars go to the Indiana Harbor Belt switching yards, where shipments are consigned to the various lines, thus offering a faster and more efficient service.

The Indiana Harbor Belt Railroad's largest terminal, Gibson Yard, is located in Hammond. Cars from the industries of Hammond and Calumet City are made up in trains and run direct from Gibson Yard to all eastern, western and southern lines, making but one handling from the industries to any one trunk line over which the shipment may move.

**ELECTRIC LINE**—The Chicago, South Shore & South Bend Railroad provides a fast passenger and freight electric service to Chicago, passenger service operating every thirty minutes and requiring thirty-six minutes from the Hammond station to the Randolph St. station in Chicago. Low

round-trip passenger fares are offered on commutation tickets.

**BUS SERVICE**—An inter-city bus service including Hammond, Calumet City, Whiting, East Chicago and Gary, is maintained by the Chicago-Calumet District Transit Co., which makes connections with bus and railway lines in Chicago at 63d St. In addition, there are electric railway services inter-connecting these Calumet Region cities.

**TRUCK SERVICE**—Fast, daily truck service is operated between Hammond and Chicago and numerous other points by a number of trucking companies. Hammond is the focal point for a large number of highly improved highways radiating in every direction.

**WATERWAYS**—Hammond is only a few miles from Indiana Harbor on Lake Michigan, which provides easy accessibility for water transportation. The Indiana Harbor is used by a number of large industries as a port for shipping to foreign countries, and also for receiving shipments from foreign ports.

The Great Lakes Dock Terminal maintains a shipping point at Indiana Harbor. Direct regular railway service is available to St. Louis and Cairo, Ill., for barge transportation on the Mississippi to the Gulf, and from there to other ports of the world.

**AIRPORTS**—Hammond is less than three-quarters of an hour by automobile from the Chicago Municipal Airport and from the Ford Airport at Lansing, Ill.

### Public Utilities

**ELECTRICITY**—Electric energy for Hammond is available in unlimited quantities with a rate structure designed to encourage use by industries. The rate schedule for electric energy, which is provided by the Northern Indiana Public Service Co., is as low as can be found in any large industrial city. Hammond is the location of one of the largest steam-generating plants in the world, and the company is equipped to take care of any industrial demand.

**GAS**—A high-grade gas is also furnished by the Northern Indiana Public Service Co. at a very low rate for industrial users.

**COAL**—With coal mines in Indiana, Illinois, Kentucky, Pennsylvania and Virginia, Hammond is assured of a plentiful supply of cheap coal.

**OIL**—The largest oil refineries in the world are located within the Hammond district, and fuel oil is available at reasonable rates.

**PETROLEUM COKE**—Because of the large oil-refining operations, an adequate supply of petroleum coke is

also available, a special fuel valuable for certain operations and not to be had in many industrial areas.

**WATER**—The City of Hammond owns its own water plant, the supply coming from Lake Michigan, and the rate being a graduated scale based on the amount used. Hammond has the lowest water rate of any city in this section of Indiana.

Hammond is now building a million-dollar filtration plant, with ample storage capacity, which will insure a plentiful supply of pure water for industrial and domestic use.

**COMMUNICATIONS**—Hammond is served by the Illinois Bell Telephone Co., the Western Union Telegraph Co. and Postal Telegraph Co. It also has a radio station, WWAE, operating on 1,200 kilocycles.

### Publishing and Printing

There are a number of printing establishments in Hammond which have a national clientele. Much Chicago printing is handled in these plants. The plants are equipped with all modern facilities for color printing, offset work, bookbinding, and the printing and preparation of catalogs and mailing pieces.

There is one daily afternoon newspaper, The Hammond Times (Independent Republican), with a circulation of 21,500. It receives full Associated and United Press Services, and serves the entire trading area.

### Labor

Because of Hammond's location in the Calumet Region, there is an unlimited supply of both skilled and unskilled labor. There is a good market for female workers, because of the large number of male workers employed in the various steel mills and heavy metal industries where female labor is not employed.

With the exception of the building and printing trades, practically all industries operate under the American plan, and Hammond is well known as an open-shop city. A few industries, such as oil refining, clothing, etc., employ union workers.

There have been no industrial disturbances over a number of years, and the general attitude of the city as a whole does not encourage labor troubles.

### Housing and Living Costs

**HOUSING**—According to a housing survey completed Jan. 21, 1935, there are 13,263 residential units in Hammond, of which 10,941 are single-family dwellings. Of this number, 7,185 are occupied by the owners, indicating a very high percentage of home-ownership.

Hammond is the residential city for a number of the surrounding indus-

trial cities that are unable to provide suitable housing of the better type and which have no expansion possibilities.

At the present time there is a shortage of homes, as is true in a majority of cities throughout the country, due to no building operations for the past three or more years.

Good homes can be rented, when available, at \$25 per month and up, this depending entirely upon location and type of home desired.

**LIVING COSTS**—Because of Hammond being in the Chicago area, prevailing living costs are about the same as in that city. Rentals, taxes and utility costs are cheaper.

Hammond is located adjacent to a superior garden and trucking area, immediately contiguous to the Michigan-Indiana fruit belt, and also is close to the large meat-packing operations of the country, making of these things available, with wide choice, and at reasonable prices.

#### Commercial Organizations

There are four commercial organizations giving direct service to the industrial and commercial interests of the city.

The Hammond Chamber of Commerce, the largest, composed of the representative professional and business concerns, is constantly promoting the general welfare of the city from a business standpoint and has a constructive program of activities.

The Hammond Safety Council, a division of the Chamber of Commerce, has been successful in maintaining low insurance rates through its work in fire prevention, public safety, etc. This division has received several awards in the Inter-Chamber Fire Waste Contests conducted by the U. S. Chamber of Commerce.

The Chamber of Commerce, with other organizations, is constantly active in a study of proposed budgets of the taxing units and has been a strong influence in maintaining a low tax rate. It has also given much attention to proposed legislation and has been successful in protecting the interests of the manufacturers in many legislative matters of a vital nature. The program of the Chamber of Commerce is a general one and always in the interest of business as a whole.

The Manufacturers' Association is composed only of manufacturers. This organization deals entirely with matters affecting the interests of its membership.

The Hammond Merchants' Association, now a division of the Chamber of Commerce, deals in subjects affecting the retail trade only. It devotes most of its efforts toward trade promotion, trade practices, etc.

The Hammond Credit Exchange is composed of a large number of retailers. This organization is solely for the purpose of giving confidential credit information.

Other organizations active in matters in their particular fields of business activity are the Hammond Real Estate Board, the Lake County Underwriters' Association, the Calumet Region Auto Parts Association, etc.

#### Civic Organizations, Etc.

Most of the civic, and practically all of the fraternal organizations, are represented in Hammond.

Rotary and Kiwanis represent the civic luncheon clubs. Also there are the active Women's Club, American Legion Auxiliary, Parent-Teachers' Association and Business and Professional Woman's Club.

All character-building and welfare work clears through the United Welfare Association, which conducts an annual drive for a fixed sum to provide for these activities each year, thus relieving business organizations of solicitations more than once a year for these purposes.

Organizations which derive their support from this Association are:

- American Red Cross;
- Bethany Children's Home;
- Boy Scouts;
- Brooks House;
- Calumet Goodwill Industries;
- Carmelite Home for Boys;
- Catholic Associated Charities;
- General Relief Agency;
- Girl Scouts;
- Hammond Fresh Air Camp;
- St. Vincent Home for Aged;
- Salvation Army;
- Week-Day Religious Education;
- Young Women's Christian Association.

#### Educational, Religious and Cultural Features

**SCHOOLS**—The Hammond school system consists of sixteen grade schools, three high schools, one Catholic high school and ten parochial schools, all of which are staffed with highly competent teachers and instructors.

The Technical Vocational School is an important source of potential employee-leadership and offers a training course so designed to fit young men to take their place in the industrial community.

There are two highly-rated privately-owned commercial schools, assuring an adequate supply of stenographic and secretarial help.

For those desiring higher education, extension courses are provided from the University of Indiana, and engineering courses are given from Purdue University, oftentimes specializing in

such subjects as the heat-treatment of metals, electric welding, gas welding, and kindred subjects of particular interest to manufacturers.

Many Hammond residents avail themselves of the opportunity to take night courses at the University of Chicago and Northwestern University.

**CHURCHES**—All denominations are represented in the religious life of Hammond—39 Protestant, 8 Catholic, 2 Jewish and 8 miscellaneous congregations.

**LIBRARY**—The Hammond Public Library has six branches, and will, with the cooperation of the industries, establish a branch within the industry if the demand for library service justifies it. There are 100,000 volumes in the Hammond Library system.

#### Recreation

**PARKS**—Hammond is equipped with all types of wholesome recreation. There are nine parks, with an acreage of 141.28, and a valuation of more than a million dollars. These parks are equipped with tennis courts and playgrounds with attractive landscaping.

**GOLF**—There are four golf courses within a few miles of town—Woodmar Country Club, Wicker Park, Lansing Airport Course, and Burnham Woods.

**SWIMMING**—There is swimming at Hammond Beach on Lake Michigan. Numerous beaches are located in the Dunes territory and elsewhere within short distances of Hammond.

**WICKER PARK**—Within a few miles of Hammond is the famous Wicker Memorial Park, which is one of the few township-owned public parks in the country. It has 235 acres. This park is equipped with an 18-hole public golf course, picnic facilities and other equipment which make it a popular place for company and organization outings.

**SCOUTING**—For boys and girls of scouting age, there are active scouting troops in Hammond. Both organizations maintain camps for Hammond boys and girls.

**FOREST PRESERVES**—Immediately across the state line in Cook County, providing bridle paths, trails and outing facilities, is one of the Illinois forest preserves.

#### Public Health

Hammond maintains an efficient health department under the direction of a board of health of three members and in charge of a qualified physician, safeguarding the city against the spread of infectious and communicable diseases. The appropriation of this department provides for free analysis of milk and water in a well-equipped laboratory, and also for a registered nurse.

#### Hospitals

There is one hospital, St. Margaret's, operated by the Sisters of St. Francis, with a capacity of 260 beds. The hospital is fully equipped for surgery and for the proper care of patients.

## Storage --- Accessories Towing

State Line and Sibley Street  
Hammond, Indiana

It directs buyers from all parts of the community to your business and to any particular service which they may require.

The advertisers stand out as the leading and permanently progressive firms of the community.

You should make it easy for people to find you by putting in the directory such information as a buyer wants to know.

For FREE suggestions on how to make your advertising most effective write—

R. L. POLK & CO.  
367 W. Adams St.  
Chicago, Ill.

## The Sign over your door

tells the passer-by that you are there ready to serve him.

But you also want to tell people, in all parts of the community, where you are and what you do.

The sign is only seen, however, by the small portion of the population who pass your way. Being fixed, it cannot reach out and tell somebody, a good prospect, on the other side of town about your business.

# *The Symbol of Service in fine Book-making*

THE distinctive Conkey Winged Horse trade mark is symbolic of over fifty years of development in the printing arts. It typifies an institution of capability. The immense Conkey plant embodies mental and mechanical equipment that has succeeded in manufacturing fine books for over a half-century.

The Winged Horse imprint in your book signifies quality from cover to cover. It assures strength of construction, fine papers, excellent typography, and long service.

The ability to produce fine books is a Conkey achievement that should be of profitable interest to you.

## Don't Advertise Your Inefficiency

A string on a finger was a sure sign of mental weakness. It is yet, but nobody uses it. In common with things mechanical and material, the human mind has grown more dependable and efficient. Added to this natural improvement are many helps in various forms.

For City Information and Reminders, we suggest

### POLK'S CITY DIRECTORIES

as a very material assistant to you and your business. Use them often and properly.

Publishers

# THE BANK DIRECTORY OF THE WORLD

## *Polk's Bankers Encyclopedia*

### **MOST CONVENIENT AND COMPLETE BANK DIRECTORY**

Arranged in one volume with sections devoted to United States and possessions, Canada and Banking Laws and other banks throughout the world not listed in the sections devoted to United States and Canada.

Contains lists of banks with bank statements, bank officers, bank directors, investment dealers, stock exchange members and bank attorneys.

Some other reference features include data concerning Federal Reserve System, Federal Deposit Insurance Corporation, Farm Credit Administration, Joint Stock Land Banks, National and State Bank Examiners, Airmail Schedules, Postage Rates, Clearing House Figures and other statistical tables.

Accessibility of information, maintained up-to-date by new, merged and closed bank supplements, coupled with durable, convenient indexing makes it the outstanding publication of its kind in the field.

**Published Semi-Annually in March and September**

*\$15.00 per copy; \$20.00 in Canada and foreign countries*

## The Directory as a Market Place

THE  
Directory  
IS THE  
GREATEST  
Market  
Place  
IN THE  
World

Every Day  
in the Year  
the Directory  
Tells Where  
All Kinds  
of Goods  
and Service  
Can Be Had

The Directory  
is the Natural  
Source of  
Information  
and is "On  
the Job"  
365 Days  
Every Year

# MAILING LIST SERVICE

Trade lists of every description and for any purpose compiled from the latest data obtainable, insuring the highest possible degree of completeness and accuracy. Our Directory Library is the largest of its kind in existence and our facilities for making up lists of any kind required are unequalled.

## The Directory as a Market Place

THE  
Directory  
IS THE  
GREATEST  
Market  
Place  
IN THE  
World

Every Day  
in the Year  
the Directory  
Tells Where  
All Kinds  
of Goods  
and Service  
Can Be Had

The Directory  
is the Natural  
Source of  
Information  
and is "On  
the Job"  
365 Days  
Every Year

CITY, COUNTY, STATE AND NATIONAL  
DIRECTORY PUBLISHERS

OFFICES IN PRINCIPAL CITIES

## The DIRECTORY as a MARKET PLACE

THE  
DIRECTORY  
IS THE  
GREATEST  
MARKET  
PLACE  
IN THE  
WORLD

Every Day  
in the Year  
the Directory  
Tells Where  
All Kinds  
of Goods  
and Service  
Can Be Had

The Directory  
is the Natural  
Source of  
Information  
and is "On  
the Job"  
365 Days  
Every Year

# MAILING LIST SERVICE

Trade lists of every description and for any purpose compiled from the latest data obtainable, insuring the highest possible degree of completeness and accuracy. Our Directory Library is the largest of its kind in existence and our facilities for making up lists of any kind required are unequalled.

## The DIRECTORY as a MARKET PLACE

THE  
 DIRECTORY  
 IS THE  
 GREATEST  
 MARKET  
 PLACE  
 IN THE  
 WORLD

Every Day  
 in the Year  
 the Directory  
 Tells Where  
 All Kinds  
 of Goods  
 and Service  
 Can Be Had

The Directory  
 is the Natural  
 Source of  
 Information  
 and is "On  
 the Job"  
 365 Days  
 Every Year

# MAILING LIST SERVICE

Trade lists of every description and for any purpose compiled from the latest data obtainable, insuring the highest possible degree of completeness and accuracy. Our Directory Library is the largest of its kind in existence and our facilities for making up lists of any kind required are unequalled.

# MAILING LIST SERVICE

Trade lists of every description and for any purpose compiled from the latest data obtainable, insuring the highest possible degree of completeness and accuracy. Our Directory Library is the largest of its kind in existence and our facilities for making up lists of any kind required are unequalled.

## MOTTLE'S VALETTERIA SERVICE

### EXCLUSIVE CLEANERS AND DYERS

# MAILING LIST SERVICE

Trade lists of every description and for any purpose compiled from the latest data obtainable, insuring the highest possible degree of completeness and accuracy. Our Directory Library is the largest of its kind in existence and our facilities for making up lists of any kind required are unequalled.

## The DIRECTORY as a MARKET PLACE

THE  
DIRECTORY  
IS THE  
GREATEST  
MARKET  
PLACE  
IN THE  
WORLD

Every Day  
in the Year  
the Directory  
Tells Where  
All Kinds  
of Goods  
and Service  
Can Be Had

The Directory  
is the Natural  
Source of  
Information  
and is "On  
the Job"  
365 Days  
Every Year

# MAILING LIST SERVICE

Trade lists of every description and for any purpose compiled from the latest data obtainable, insuring the highest possible degree of completeness and accuracy. Our Directory Library is the largest of its kind in existence and our facilities for making up lists of any kind required are unequalled.

# MAILING LIST SERVICE

Trade lists of every description and for any purpose compiled from the latest data obtainable, insuring the highest possible degree of completeness and accuracy. Our Directory Library is the largest of its kind in existence and our facilities for making up lists of any kind required are unequalled.

## The Directory as a Market Place

THE  
Directory  
IS THE  
GREATEST  
Market  
Place  
IN THE  
World

Every Day  
in the Year  
the Directory  
Tells Where  
All Kinds  
of Goods  
and Service  
Can Be Had

The Directory  
is the Natural  
Source of  
Information  
and is "On  
the Job"  
365 Days  
Every Year

# MAILING LIST SERVICE

Trade lists of every description and for any purpose compiled from the latest data obtainable, insuring the highest possible degree of completeness and accuracy. Our Directory Library is the largest of its kind in existence and our facilities for making up lists of any kind required are unequalled.

## The Directory as a Market Place

THE  
Directory  
IS THE  
GREATEST  
Market  
Place  
IN THE  
World

Every Day  
in the Year  
the Directory  
Tells Where  
All Kinds  
of Goods  
and Service  
Can Be Had

The Directory  
is the Natural  
Source of  
Information  
and is "On  
the Job"  
365 Days  
Every Year

## The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

# MAILING LIST SER

Trade lists of every description and for any purpose compiled from the latest data, the highest possible degree of completeness and accuracy. Our Directory Library is kind in existence and our facilities for making up lists of any kind required are unequalled.

## The DIRECTORY as a MARKET PLACE

## THE DIRECTORY IS THE GREATEST MARKET PLACE IN THE WORLD

Every Day  
 in the Year  
 the Directory  
 Tells Where  
 All Kinds  
 of Goods  
 and Service  
 Can Be Had

The Directory  
 is the Natural  
 Source of  
 Information  
 and is "On  
 the Job"  
 365 Days  
 Every Year

CITY, COUNTY, STATE AND NATIONAL  
DIRECTORY PUBLISHERS  
OFFICES IN PRINCIPAL CITIES

## The DIRECTORY as a MARKET PLACE

THE  
DIRECTORY  
IS THE  
GREATEST  
MARKET  
PLACE  
IN THE  
WORLD

Every Day  
in the Year  
the Directory  
Tells Where  
All Kinds  
of Goods  
and Service  
Can Be Had.

The Directory  
is the Natural  
Source of  
Information  
and is "On  
the Job"  
365 Days  
Every Year

## The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and

social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

# Y CITY DIRECTORY USES

## 1. SALES PROMOTION:

### a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

### b. Leads—

Determining parts of city best suited for increasing business. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

### c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

### d. Building mailing lists and direct mail campaigns—

1. List of local people (Neighborhood List) within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.

2. Lists of business houses and the professions—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.

3. Vocational Lists—Such as clerks, stenographers, telephone operators, carpenters, salesmen, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.

Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

## 2. CREDIT:

### a. Verifying customer's statements and information.

### b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

### c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or shifts from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

# FOR EVERY BUSINESS<sup>Z</sup>

## d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

## e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

## 3. DELIVERY AND SHIPPING:

### a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

### b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

### c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

## 4. PURCHASING:

The complete classified business section in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (\*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

## 5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.
